President's Report

Sona Anderson

Dancing with the Stars? No that is Dancing-with-Stars-to-be!

Yes, we are approaching that most wonderful time of the season – dance recitals!! But we will endure! Lots of other shows to keep us busy during the season with the symphonies, concerts like Art Garfunkel and the Celtic Women, the Conejo Schools Chorale Groups and Village Voices, and ballets such as Noah's Ark...and were you one of the lucky ones to ushers for Vin Scully? What a treat that was! We are so blessed to have such versatile entertainment in our community and that we, the FCAP ushers, have so many opportunities to experience these.

Keeping you up to date with the FCAP – be sure to put our General Meeting on you calendars for this year. It is May 17th – 6PM in the Scherr Theatre. This is **for members only** and you ***MUST RSVP*** to attend. We will be hosting a dinner for our members and have to have an accurate count for our caterer, Stonefire Grill. As this will be our last General Meeting we have chosen “Jungleland” as our theme, appropriately so, as this is Jungleland was located in the 1960's. I'm sure many of you can remember hearing the roar of the lions at night.

Though this will be the last General Meeting, as I said before, it is not the end of our Usher Corps; it is only the FCAP Board that goes away. The Usher Corps will continue under the leadership of the Cultural Affairs Department Volunteer Coordinator. It is essential to the theatre that our volunteer ushers continue to support the theatres as always. There will still be re-registration in the summer and recruiting and training for new ushers will continue.

We are looking forward to seeing you all at the General Meeting. Plenty of entertainment and door prizes along with dinner - **YOU MUST RSVP**. No one will be let in without a ticket.

See you there!
